also allude to a fact in the jewelry trade which exists as well in most, if not all, other branches. It is that there is a habit of constantly talking on the "bear" side of the question, always asserting that business is dull, and yet a little showed cross-questioning of these same men will perhaps bring out the fact that their sales have been larger than during the corresponding month of last year, and that they have been so busy that they are "almost tired out."

Buffalo Telegraph: Canada is now suffering from half-breeds. The United States has been afflicted with them for some time.

Read What Van's Magic Oil or King of Pain Has Done for the People.

We have used Van's Magic Oil for internal and external applications, in case of Colds, Coughs, Croup, Hoarseness, etc., and find none better. It is especially adapted to children, as it can be used with safety and satisfaction, and we earnestly recommend it to parents.

I have used Van's Magic Oil for several years, and would not like to be without it, as it is a good family medicine, and I truly recommend it to the people.

My son, G. Vanderveen, was born with a very severe case of Croup, and I was unable to get any relief for him. I was told to use Van's Magic Oil, and I did so, and he was cured in a few days.

"DO YOU KNOW!"

Why it is that we have walked right to the front in the Clothing business in this city. Our success which has been phenomenal can be attributed to our strict adherence to the principle of

Best Goods For Least Money.

It has been our constant study to show always the latest and best fabrics and styles at prices as low or lower than others ask for inferior shelf worn goods.

Manufacturing most of our Clothing, we are enabled to dispel the old prejudice against Ready-Made garments. They will rip, yes, and lose their shape" we hear people say. All we can reply is that you have not tried our

made with as much care and as well as a suit to order costing fully a half more. You stand in your own light if you do not examine our stock when in need of either a suit or Overcoat. The many who have dealt with us can testify to the truth of our assertions, to those who have not we would say
